BIG POWER IN ALL PLACES

THE BOXER 100 SERIES

DEDICATED EQUIPMENT

- Powers Up Productivity
- Ruggedly Constructed
- Safe and Simple to Operate
- Easy to Maintain
- Wide Range of Applications

106 POWER BARROW

SMARTER HAULING

Now Boxer offers you a way to move 850 lbs. (386 kg) of material that's easier on your crew and your budget. The Boxer 106 Power Barrow makes hauling big payloads up steep inclines and over obstacles a snap. Powered by a 5.5 hp Honda gasoline engine, this compact hauler features four forward speeds and one reverse with a top speed of 3.5 mph (5.6 kph). Its stable, weight balanced design enhances maneuverability and makes load dumping easy.

GO-ANYWHERE MACHINE

The 106's unique four-wheel drive system and 10 cubic foot bucket is an ideal choice for the bulkiest of loads such as broken concrete and demolition projects.

- 70 percent more capacity than traditional 6 cubic foot models
- Lugged tires standard; turf tires available for delicate ground use
- Time-saver for contractors, landscapers, concrete crews, many others
- Fully sealed transmission protected against elements, wear
- Easy maintenance: drive belt change-outs done in minutes
- Heavy gauge steel frame with powder coated finish
- Double layer steel for bucket reinforcement
- 8 cubic foot bucket available

SPECIFICATIONS

106

Engine:	Honda GXV 160	
Engine Power (HP @ RPM):	5.4 @ 3000 rpm	
Carrying Capacity:	850 lbs	386 kg
Operating Weight:	300 lbs	167.2 kg
Standard Width:	35.5"	91.4 cm
Standard Length:	73"	185.4 cm
Standard Height:	38"	96.5 cm
Maximum Travel Speed:	3.5 mph	5.6 kph

118 DEDICATED TRENCHER

TRENCH AND RIDE

Take a ride on the Boxer 118 – Boxer's first ride-on Dedicated Trencher. Powered by an 18 hp air-cooled Kohler Command Pro gas engine, the 118 combines speed, performance and ergonomic operation: just what utility, irrigation and landscaping crews and the rental market value most. With its 280-feet per minute chain speed, 24 or 36 inch (61 cm or 91.4 cm) trenching depth and machine width of only 35 inches (88.9 cm), the 118 delivers superior maneuverability and productivity even in tight areas.

CLEAN CUTS, USER COMFORT

The Boxer 118 provides a clean cut 6-inch wide (15.2 cm) trench width using a high carbon steel dirt and shark tooth chain with carbon frosted tips. A standard discharge auger pushes away removed soil.

- Mobility from dedicated rubber tracks
- Weighs only 1,652 lbs. (749 kg)
- Only 2.9 psi ground pressure; easy on lawns
- Ergonomic design maximizes user comfort
- Hand controls engage trencher; foot pedal-keeps chain spinning

SPECIFICATIONS	118	
Engine:	Kohler Command Pro	
Engine Power:	18 hp	34 kW
Engine Description:	Command Pro Gas	
Fuel Tank:	3.0 gal

Weight (with 36" boom):	1652 lbs	749 kg

ABOUT the COMPANY

Compact Power, Inc. is a world leader in the compact hydraulic power equipment market and specializes in products that are up to 50 hp (37.3 kW) and 5,000 lbs (2268 kg). The company created the North American market for the Compact Utility Loader over ten years ago. Compact Power Utility Loaders are sold to a wide range of industries and major rental accounts. Since then, they have introduced machines that operate smoother, go faster, lift more and create more hydraulic power. They are the manufacturers of a wide range of compact equipment including: Boxer Dedicated Equipment, Boxer Mini-Skids, Compact Power Attachments, and prohauler trailers.

For a more complete list of attachments and availability, please visit our website at www.boxerequipment.com or call your local, authorized dealer.
