# 726DT Articulating Loader

## REACHING UP AND OUT

Construction, landscaping and utility crews will appreciate the 726DT's flexibility to save time and money in every application. It offers added reach: a telescopic boom extends the machine's hinge pin height to over 8 feet (269 cm) – ideal for loading dump trucks or stacking pallets.

- Low ground pressure, easy on lawns and landscaping
- Self-leveling loader arms provide stability and safety
- User-friendly controls with 360-degree visibility
- Ergonomically designed for operator comfort
- 50 mini-skid steer attachments available

## SMALLER DESIGN, MIGHTY POWERFUL

Nothing outperforms the BOXER 726DT for versatility, maneuverability and fuel efficiency. This compact, articulating loader is equipped with a 26 hp (19.4 kW) Vanguard diesel engine, a reliable hydrostatic transmission and four-wheel drive for assured traction. Measuring only 39 inches (99 cm) wide, the 726DT moves effortlessly through gates, doors and other tight spaces.

## SPECIFICATIONS

## 726DT

Engine:	Vanguard
Engine Power:	26 hp
Engine Description:	Diesel
Hydraulic Pressure:	3050 psi
Hydraulic Flow:	13.8 gpm
Hydraulic Tank Capacity:	9.2 gal
Width:	39"
Weight (without bucket):	1874 lbs
Tip Capacity:	2248 lbs
Operating Capacity (@ 50% of tip load):	1124 lbs
Pushing Capacity:	2513 lbs
Fuel Tank Capacity:	6.34 gal
Hinge Pin Height:	90.5-105"
Travel Speed:	7 mph

*Counterweight kits add significant lifting power to 700 series loaders.*

# 732DT Articulating Loader

## JOB SITE WORKHORSE

The BOXER 732DT Articulating Loader comes out swinging as the dominant job site workhorse. Ruggedly built, this articulated frame loader features a robust Yanmar 32 hp (23.7 kW) diesel engine, dependable hydrostatic transmission and for superior traction, an advanced four-wheel drive system. In addition to construction and the utility applications, the 732DT generates low ground pressure, making it perfect for use by pavers, landscapers and greenskeepers. The loader's telescopic boom gives a total reach of over 9 feet (298 cm) – enough height for loading dump trucks and stacking pallets.

## QUICK CHANGE ARTISTRY

Versatility is a BOXER trademark. Transporting the 732DT from one project to another is easy because it's lightweight: just 2,271 lbs. (1030 kg). Work it as a loader in the morning then – in minutes – convert it with one of 50 mini-skid steer attachments – a trencher, pallet forks, hydraulic hammer, soil cultivator, auger, backhoe, leveler and more – for a fully productive afternoon.

- Self leveling loader arms help assure stability
- Operator enjoys 360-degree visibility
- Ergonomic suspension seat for operator comfort
- User friendly controls

SPECIFICATIONS	732DT
Engine:	Yanmar
Engine Power:	32 hp
Engine Description:	Diesel
Hydraulic Pressure:	3050 psi
Hydraulic Flow:	13.8 gpm
Hydraulic Tank Capacity:	10 gal
Width:	47.2"
Weight (without bucket):	2271 lbs
Tip Capacity:	2976 lbs
Operating Capacity (@ 50% of tip load):	1488 lbs
Pushing Capacity:	3197 lbs
Fuel Tank Capacity:	6.34 gal
Hinge Pin Height:	98-117"
Travel Speed:	6.8 mph

# 749DT Articulating Loader

## PRIMED FOR PERFORMANCE

The most powerful model in the 700 Series, the BOXER 749DT Loader with articulating frame delivers high levels of productivity and cost efficiency. It's the smart choice for a variety of industries and applications, including utilities, construction, landscaping and the rental market. At the heart of the 749DT beats a 49 hp Yanmar diesel engine complemented by a hydrostatic transmission and four-wheel drive, for superior work site traction. The articulated frame offers superior maneuverability in hard to reach areas, while a telescopic boom extends the 749DT's hinge pin height to beyond 12 feet (370.8 cm). This extension makes stacking pallets and loading dump trucks easy.

## COMFORT PLUS SAFETY

Operators will appreciate the 749DT's user-friendly controls, the 360-degree visibility it provides and ergonomically designed suspension seat for maximum comfort. The loader's electronically controlled hydraulic system generates all the power needed to operate accessories.

- Valuable task master can use an array of skid steer attachments
- Self leveling loader arms provide stability
- Patented Swing Lock device stabilizes unit on uneven surfaces

SPECIFICATIONS	749DT
Engine:	Yanmar
Engine Power:	49 hp
Engine Description:	Diesel
Hydraulic Pressure:	3050 psi
Hydraulic Flow:	17.8 gpm
Hydraulic Tank Capacity:	21 gal
Width:	58.7"
Weight (without bucket):	3440 lbs
Tip Capacity:	4520 lbs
Operating Capacity (@ 50% of tip load):	2260 lbs
Pushing Capacity:	5512 lbs
Fuel Tank Capacity:	7.92 gal
Hinge Pin Height:	122-146.4"
Travel Speed:	13.7 mph
